# REACH Declaration of Conformity

Issued under the sole responsibility of the manufacturer

Ekinops is manufacturer of OneAccess multi-service, branch office routers.

Ekinops does not manufacture or import chemicals. As a `downstream user' in the framework of REACH, Ekinops has no obligation to register substances.
The OneAccess products are articles as defined in REACH EC Regulation 1907/2006 Art 3 (3). There is no intended release of substances from OneAccess products under normal and reasonable conditions of use. For this reason, the requirement to register substances in articles does not apply.

Furthermore, Ekinops will inform its customers if any SVHC, included in the Candidate List, of > 0.1 mass %, is found to be present in an OneAccess product. Based on the current status (*), Ekinops does not expect such occurrence.

Ekinops will continue to actively monitor the REACH compliance of its suppliers and follow up the ECHA Candidate List as it is revised.

Philippe Moulin
Chief Operating Officer
Ekinops

(*) According to the most recently published SVHC Candidate List issued by ECHA for inclusion in Annex XIV of REACH EC Regulation 1907/2006 and to current information received from our suppliers.

ECHA (European Chemical Agency) - SVHC (Substances of Very High Concern)
